Phaltan, India

2019

SKILLS

- **Technical Skills:** Java, Python, Object Oriented Programming, Operating System, Database Management- MySQL, Computer Networking, HTML, CSS, JavaScript, Bootstrap, Microsoft Power BI, Tableau, Data Analytics, GitHub, Jira, Canva.
- **Soft Skills:** Problem-Solving, Good Communication, Strong collaboration, Leadership, Adaptability.
- **Languages:** English, Hindi, Marathi.

PROJECTS

• Hotel Management System :

Technologies: Java, MySQL, Swing, AWT

Developed a Hotel Management System to manage client and employee information, room details, reservations, and checkouts. Employed JDBC for database connectivity and followed object-oriented programming principles to ensure efficient hotel management.

• Map My Health :

Technologies: Python, Streamlit, Pandas, CSV, Altair

Developed a Python UI-based digital health platform for managing patient-doctor interactions, including health data visualization, appointment scheduling, and prescription management. Utilized Streamlit for the UI and CSV for data storage to enhance patient care and medical interactions.

• Amazon Website Clone :

Technologies: HTML, CSS, Bootstrap, JavaScript

Created a visually immersive front end replicating Amazon's iconic layout and functionality. From the familiar header with search bar to interactive product listings and a seamless checkout experience.

RESPONSIBILITIES & EXTRA-CURRICULARS

- **Event Management Head at Institution's Innovation Council VIIT:**
Orchestrating workshops, hackathons, and seminars to cultivate a culture of innovation.
- **Volunteer at National Service Scheme (NSS) & Women Empowerment Cell (WEC) VIIT:**
Actively contributing to community service initiatives, fostering social welfare and development.
- **Basketball player at VIIT**

PROFESSIONAL EXPERIENCE

Currently working on Crop Nutrient Management Industry project in Machine Learning. Developing a solution by determining the ideal NPK content and identifying crucial growth factors for enhanced plant growth.

CERTIFICATIONS

- IBM Data Analysis using Python Certification
- CCNAv7: Introduction to Networks (CISCO Certification)
- Data Structures and Algorithms using Java (Infosys Certification)
