🎓 EDUCATION

HSC   2020 | Akola, India
- 98.5%

Btech - Computer Engineering   2021 – 2025 | Pune, India
Vishwakarma Institute Of Information Technology
- 9.3 CGPA

📂 PROJECTS

Fb-CNN-LSTM: A Fuzzy-based CNN-LSTM for Detection of   06/2023 – 12/2023
Schizophrenia using EEG Signals
- Spearheaded the development of Fb-CNN-LSTM, a pioneering deep learning model tailored for schizophrenia detection using EEG signals of more than 800 patients.
- Designed and implemeneted the model architecture, leveraging CNN for spatial feature extraction, LSTM for temporal dependency modeling, and fuzzy logic for adaptive parameter tuning.
- Language and Frameworks : Python , CNN , Deep Learning , LSTM , Sk-learn , Pandas , FuzzyEn

Aashray - A Web Solution For Your Rental Problems   01/2023 – 08/2023
- Leveraged expertise in website development to design and launch Aashray's online platform, ensuring intuitive user experience and seamless navigation using MERN Stack specially React .
- A GUI Website includes both admin and customer sign-in and login, entering the personal details, checking room availability, selecting room type and quantity, room cost, payment details, and billing with a total 8 pages for clients.

BookNest   05/2024 – 06/2024
- It a comprehensive MERN stack web application designed to provide users with a seamless experience of managing their personal book collections. Users can sign up, log in, and maintain a personalized record of their favorite books.
- Tools : React , MongDb , Node.js , Express.js , Tailwinnd-CSS, Socket

Website For Ekalaya Foundation   06/2024 – 06/2024
Code For Good ,JP Morgan
- It was a 24 Hour Hackhathon Where I created a website for Ekalaya foundation that provided student dashboard and mentor dashboard also providing various facilties.
- The webiste is handling 1000+ students maintaining their daily dashboards
- Languages : React , Node , MongoDB , Express.js

💼 PROFESSIONAL EXPERIENCE

Vice President   2023 – 2024 | Pune, India
Entrepreneurship Development Cell
- Directed entrepreneurship initiatives as Vice President at EDC, launching 12+ startup incubators and securing 1 Lakh in venture funding, resulting in a 45% increase in successful startup launches.
- Masterminded Vishwapreneur '24 , Pune's Biggest E -Summit, a 3-day event consisting of more than 20 guest and 1000 + participants .

🧠 SKILLS

Languages
Java, Python, SQL, Tailwind-CSS, Bootstrap , Javascript , React.js , Node.js , Express.js, Next.js , MongoDB

Technologies
Git , Github , Docker , Ansible

Soft Skills
Professional Ethics , Leadership, Management , Team Work

📚 COURSES

Full Stack Web Development   06/2024 – present
IBM

Web Development Bootcamp
Udemy
